1. Company Overview

SkillSync HRMS is an integrated Human Resource Management System designed to streamline workforce management, skill development, and organizational growth. Our platform empowers employees, managers, and HR administrators to work collaboratively toward shared objectives using AI-driven insights including turnover prediction, role-fit scoring, skill gap analysis, and personalised learning path recommendations.

Mission

To build a skill-driven, transparent, and growth-oriented workplace where every employee has a clear path to professional development and career advancement — supported by intelligent workforce analytics.

Organization at a Glance

Metric	Value
Total Employees (Workforce Record)	203
Active Employees	144
Departments	8
Defined Job Roles	22
Skills Tracked in System	73
Named Skills (Employee-Facing)	28
ML Models Powering Insights	4

2. Company Rules & Code of Conduct

2.1 General Conduct

- All employees must maintain professional behaviour at all times.
- Discrimination, harassment, and bullying are strictly prohibited.
- Confidential company information must not be shared outside the organization.
- Employees must comply with all applicable laws and regulations.
- Use of SkillSync system data for personal or unauthorized purposes is prohibited.

2.2 Attendance & Punctuality

- Standard working hours: **9:00 AM – 5:00 PM**, Sunday to Thursday.
- Employees are expected to check in on time via the SkillSync attendance system.
- Repeated tardiness (3+ times/month) will result in a formal warning recorded in the system.
- Remote work is permitted with manager approval and must be logged in the attendance module.

2.3 Dress Code

- Business casual attire is required for office days.
- Company-branded attire is provided for events and team-building activities.

2.4 Disciplinary Procedures

1. **Verbal Warning** – For first-time minor infractions.
2. **Written Warning** – For repeated minor or first major infractions.
3. **Final Warning** – For continued violations after written warnings.
4. **Termination** – For severe violations or after exhaustion of warning stages.

3. Organizational Hierarchy

The company is organized into 8 departments, each with a defined structure of roles from Junior to Manager level. Headcounts reflect active employees as of April 2026.

Engineering

Role	Headcount
Frontend Developer	12
Senior Frontend Developer	3
Backend Developer	11
Full Stack Developer	13
Tech Lead	1
DevOps Engineer	5
QA Engineer	6
Total	51

Analytics

Role	Headcount
Data Analyst	11
Senior Data Analyst	4
Business Analyst	7
Total	22

Human Resources

Role	Headcount
HR Specialist	8
HR Manager	5
Total	13

Marketing

Role	Headcount
Marketing Specialist	4
Marketing Manager	1
UX Designer	5
Total	10

Finance

Role	Headcount
Financial Analyst	4
Accountant	9
Total	13

Operations

Role	Headcount
Operations Manager	2
Product Manager	5
Total	7

Sales

Role	Headcount
Sales Representative	12
Senior Sales Rep	6
Total	18

Customer Support

Role	Headcount
Customer Support Specialist	10
Total	10

Hierarchy Levels

Level	Description
Junior	Entry-level positions; learning and skill building phase
Mid-Level	Independent contributors with 2–4 years of experience
Senior	Expert contributors who mentor others and lead initiatives
Lead	Technical leaders responsible for architecture and team

	guidance
Manager	People managers overseeing team performance and strategy

4. Roles & Responsibilities

Role	Department	Level	Required Skills (Min. Proficiency)
Frontend Developer	Engineering	Mid	JavaScript (3+), React (3+), TypeScript (2+), Teamwork (2+)
Senior Frontend Developer	Engineering	Senior	JavaScript (5+), React (5+), TypeScript (4+), Leadership (3+)
Backend Developer	Engineering	Mid	Node.js (4+), SQL (3+), Docker (2+), Problem Solving (3+)
Full Stack Developer	Engineering	Mid	JavaScript (4+), React (3+), Node.js (3+), SQL (3+)
Tech Lead	Engineering	Lead	JavaScript (5+), Leadership (4+), Agile/Scrum (5+), Problem Solving (5+)
DevOps Engineer	Engineering	Mid	DevOps (4+), Docker (4+), Kubernetes (3+), Cloud AWS (3+)
QA Engineer	Engineering	Mid	JavaScript (2+), TypeScript (2+), Problem Solving (4+)
Data Analyst	Analytics	Mid	SQL (4+), Python (3+), Data Analysis (4+), Communication (3+)
Senior Data Analyst	Analytics	Senior	SQL (5+), Python (4+), Machine Learning (3+), Data Analysis (5+)
Business Analyst	Analytics	Mid	Data Analysis (3+), Communication (4+), Critical Thinking (4+)
HR Specialist	Human Resources	Mid	HR Management (3+), Recruitment (3+), Communication (3+)
HR Manager	Human Resources	Manager	HR Management (5+), Leadership (4+), Communication (5+)
Marketing Specialist	Marketing	Mid	Marketing (4+), Communication (3+), Critical Thinking (3+)
Marketing Manager	Marketing	Manager	Marketing (5+), Leadership (4+), Data Analysis (3+)
UX Designer	Marketing	Mid	UI/UX Design (4+), Communication (3+), Problem Solving (4+)
Financial Analyst	Finance	Mid	Finance (4+), Accounting (3+), Critical Thinking (4+)
Accountant	Finance	Mid	Accounting (4+), Finance (3+), Critical Thinking (3+)
Operations Manager	Operations	Manager	Project Management (5+), Leadership (4+), Agile/Scrum (4+)
Product Manager	Operations	Senior	Project Management (4+), Communication (5+), Leadership (3+)

Sales Representative	Sales	Junior	Communication (4+), Teamwork (3+), Critical Thinking (3+)
Senior Sales Rep	Sales	Senior	Communication (5+), Leadership (3+), Critical Thinking (4+)
Customer Support Specialist	Customer Support	Junior	Communication (4+), Problem Solving (3+), Teamwork (3+)

5. Leave Policy

5.1 Leave Entitlements

Leave Type	Days Per Year	Carry-Over
Annual Leave	21	Up to 5 days
Sick Leave	10	Not carried over
Compassionate Leave	5	Not carried over

5.2 Leave Request Process

5. Employee submits leave request via the SkillSync app (Leaves module).
6. Direct manager receives an automatic in-app notification and reviews the request.
7. Manager approves or rejects with comments within 2 business days.
8. Employee receives an in-app notification of the decision.
9. HR is automatically notified for record-keeping and leave balance update.

5.3 Rules

- Annual leave requests must be submitted at least 7 days in advance.
- Sick leave exceeding 3 consecutive days requires a medical certificate.
- Compassionate leave is granted for immediate family emergencies.
- Unapproved absence will be treated as unpaid leave and reflected in payroll.

6. Holiday Calendar

Official holidays for calendar year 2026.

#	Holiday	Date	Type
1	New Year's Day	1 January 2026	Public
2	Revolution Day (25 Jan)	25 January 2026	Public
3	Eid Al-Fitr	20 March 2026	Public
4	Sinai Liberation Day	25 April 2026	Public
5	Labour Day	1 May 2026	Public

6	Eid Al-Adha	27 May 2026	Public
7	Revolution Day (30 Jun)	30 June 2026	Public
8	Revolution Day (23 Jul)	23 July 2026	Public
9	National Day (Armed Forces)	6 October 2026	Public
10	Company Anniversary	15 September 2026	Company
11	Founders Day	20 November 2026	Company
12	Volunteer Day	5 December 2026	Optional

Total Holidays: 12 (9 Public, 2 Company, 1 Optional)

7. Termination & Resignation Procedures

7.1 Resignation

10. Employee submits resignation request via the SkillSync Resignations module.
11. A **30-day notice period** is mandatory for all positions.
12. Manager and HR review the resignation and schedule an exit interview.
13. Knowledge transfer must be completed during the notice period.
14. All company property (laptop, badges, access cards) must be returned on the last working day.

7.2 Termination by Company

- Termination may occur after exhaustion of the disciplinary process.
- Immediate termination is reserved for gross misconduct (theft, fraud, violence).
- Affected employees are entitled to end-of-service benefits as per applicable labour law.

7.3 Final Settlement

- Outstanding salary and unused annual leave will be paid within 14 business days.
- End-of-service gratuity is calculated based on years of service.
- Any outstanding loans or advances will be deducted from the final settlement.

8. Skill Policies

SkillSync tracks 73 skill metrics across the organization via the ML Skill Gap Analysis engine. Employees interact with 28 named skills across 4 categories, rated on a 0–5 proficiency scale.

8.1 Technical Skills (16)

Skill	Description
Python	General-purpose language; primary for data science & ML
Machine Learning	ML algorithms, model training and evaluation
Deep Learning	Neural networks, CNNs, RNNs and transformers

SQL	Relational database querying and data manipulation
Data Analysis	Statistical analysis and data insights
JavaScript	Core web frontend programming language
React	Frontend UI framework
Node.js	Server-side JavaScript runtime
Flutter	Cross-platform mobile development framework
Dart	Programming language for Flutter development
DevOps	CI/CD pipelines and infrastructure automation
Docker	Containerization and image management
Kubernetes	Container orchestration at scale
Cloud AWS	Amazon Web Services cloud platform
UI/UX Design	User interface and experience design
Cybersecurity	Security practices and threat mitigation

8.2 Soft Skills (4)

Skill	Description
Communication	Effective verbal and written communication
Teamwork	Collaboration and team contribution
Problem Solving	Analytical thinking and solution design
Critical Thinking	Logical reasoning and objective evaluation

8.3 Management Skills (3)

Skill	Description
Project Management	Planning, executing, and delivering projects on time
Agile/Scrum	Agile methodologies, Scrum framework, and Kanban
Leadership	Guiding, motivating, and developing teams

8.4 Domain Skills (5)

Skill	Description
HR Management	Human resources processes and policy management
Recruitment	Talent acquisition, interviewing and onboarding
Finance	Financial analysis, reporting and planning
Accounting	Bookkeeping, ledgers, and financial records
Marketing	Digital and traditional marketing strategies

8.5 Proficiency Scale

Level	Rating	Description

Novice	1	Basic awareness; requires significant guidance
Beginner	2	Can perform simple tasks with some support
Intermediate	3	Competent; works independently on standard tasks
Advanced	4	Highly skilled; can mentor others
Expert	5	Recognised authority; drives innovation

8.6 Skill Assessment Process

- Skills are assessed quarterly through self-assessment, manager review, and system data.
- The ML Skill Gap Analysis model benchmarks each employee against role requirements.
- Gap criticality tiers: **Critical** (<10% meeting threshold), **High** (<25%), **Medium** (<50%), **Low** (<75%), **Surplus** (≥75%).
- Employees receive personalised learning recommendations based on their gap profile.

9. Learning & Development

SkillSync provides 42 curated learning resources across courses, certifications, mentorship programs, projects, and articles — automatically matched to each employee's skill gaps and career targets by the AI Learning Path model.

Title	Type	Duration	Priority	Target Skill
Python for Data Science & AI	Course	40 hrs	High	Python
Python Data Science Handbook	Article	12 min	Medium	Python
Machine Learning Specialization	Course	60 hrs	High	Machine Learning
Machine Learning Glossary & Cheat Sheet	Article	8 min	Medium	Machine Learning
Deep Learning Specialization	Certification	120 hrs	Medium	Deep Learning
SQL for Data Analysis	Course	20 hrs	Medium	SQL
Advanced SQL & Performance Tuning	Course	15 hrs	Medium	SQL
Use The Index, Luke — SQL Indexing Guide	Article	15 min	Low	SQL
React Basics Certification	Certification	50 hrs	High	React
Advanced JavaScript Concepts	Course	25 hrs	High	JavaScript
TypeScript: The Complete Developer's Guide	Course	20 hrs	High	TypeScript
JavaScript: The Definitive Guide (MDN)	Article	10 min	Medium	JavaScript
Git Advanced Workflows	Course	8 hrs	Low	DevOps (CI/CD)
Complete Node.js Developer Course	Course	35 hrs	High	Node.js
Node.js Microservices Architecture	Course	30 hrs	High	Node.js
REST API Design Best Practices	Course	12 hrs	Medium	Node.js
Node.js Best Practices Guide	Article	10 min	Medium	Node.js
Django REST Framework Mastery	Course	28 hrs	High	Python (Backend)

Django for Beginners to Advanced	Course	22 hrs	Medium	Python (Backend)
Java Programming Masterclass	Course	45 hrs	High	Java
Spring Boot in Practice	Course	30 hrs	Medium	Java
Docker & Kubernetes: The Complete Guide	Course	45 hrs	Medium	Docker / Kubernetes
Docker & CI/CD Pipelines with GitHub Actions	Course	40 hrs	High	DevOps (CI/CD)
Docker Overview — Official Docs	Article	8 min	Low	Docker
AWS Cloud Practitioner Essentials	Certification	30 hrs	Medium	Cloud AWS
Project Management Professional (PMP) Prep	Certification	80 hrs	High	Project Management
Agile Scrum Master Certification (PSM I)	Certification	24 hrs	High	Agile/Scrum
Scrum Master Preparation Practice Tests	Course	20 hrs	High	Agile/Scrum
The Agile Manifesto Explained	Article	5 min	Low	Agile/Scrum
Leadership & Mentorship Program	Mentorship	3 months	Medium	Leadership
Mentoring Skills for Technical Leads	Course	15 hrs	Medium	Leadership
Effective Business Communication	Course	12 hrs	Medium	Communication
Algorithms & Data Structures in Python	Course	35 hrs	Medium	Problem Solving
Inspiring and Motivating Individuals	Course	10 hrs	Medium	Teamwork
Flutter & Dart — The Complete Guide	Course	55 hrs	High	Flutter / Dart
Google UX Design Certificate	Certification	30 hrs	Medium	UI/UX Design
CompTIA Security+ Certification Prep	Certification	40 hrs	High	Cybersecurity
HR Analytics with Python — Capstone Project	Project	2 weeks	Low	HR Management
People Analytics: Using Data to Drive HR Decisions	Article	7 min	Medium	HR Management
Statistics for Data Science	Course	30 hrs	Medium	Data Analysis
Linux Command Line & Shell Scripting	Course	20 hrs	Medium	DevOps Foundation
Bash Scripting Fundamentals	Course	10 hrs	Low	DevOps Foundation

10. Skill Progression Paths

Skill chains are recommended learning progressions automatically surfaced by the SkillSync AI Learning Path model — guiding employees from one skill to the next in a logical, experience-building order.

From Skill	→	To Skill	Description
Python	→	Machine Learning	Python is the foundational language for ML workflows
Machine Learning	→	Deep Learning	ML knowledge enables progression to neural networks

SQL	→	Data Analysis	SQL proficiency supports advanced data insight work
JavaScript	→	React	JavaScript is the prerequisite for building React UIs
JavaScript	→	Node.js	JavaScript knowledge expands naturally to server-side runtime
Dart	→	Flutter	Dart is the core language powering all Flutter apps
Docker	→	Kubernetes	Docker containerization is required before orchestration
DevOps	→	Cloud AWS	DevOps automation skills complement cloud infrastructure
Project Management	→	Leadership	Delivery expertise builds a foundation for team leadership

11. Frequently Asked Questions

Q: How many annual leave days do I get?

A: All employees receive 21 days of annual leave per year. Up to 5 unused days can be carried over to the following year.

Q: How do I request leave?

A: Submit your leave request through the SkillSync app under the "Leaves" section. Your manager will be notified automatically and must respond within 2 business days.

Q: What happens if I am late to work?

A: Occasional lateness is logged in the attendance system. Three or more late arrivals in a month trigger a formal verbal warning.

Q: How are my skills assessed?

A: Skills are rated 0–5 through quarterly self-assessment, manager review, and the SkillSync ML Skill Gap model which benchmarks you against your role's requirements.

Q: Can I work remotely?

A: Yes, with your manager's approval. Remote work days must be logged in the SkillSync attendance module.

Q: What is the notice period for resignation?

A: The standard notice period is 30 days for all positions across all levels.

Q: How do I access learning resources?

A: Navigate to the "Learning" section in the SkillSync app. The AI engine automatically matches the 42 available resources to your skill gaps and target career role.

Q: What are skill chains?

A: Skill chains are recommended progressions (e.g., Python → Machine Learning → Deep Learning) that guide your development in a structured, logical order.

Q: How does turnover risk prediction work?

A: The ML Turnover Prediction model analyses attendance patterns, leave history, tenure, KPI score, and role-fit to estimate flight risk. HR uses this to proactively support employee engagement.

Q: How is my role-fit score calculated?

A: Your role-fit score (0–100) compares your current skill proficiency against the minimum requirements of your target role. A score above 80 indicates strong alignment.

Q: How is my salary determined?

A: Salary is based on role, level, department, and years of service. Payroll includes base salary, allowances (15% of base), and deductions for late penalties or unpaid leave.

Q: Who do I contact for HR issues?

A: Use the SkillSync in-app chat or send a notification directly to the HR department through the Notifications module.
